

Welcome to the YanTeam wiki!

## Table of contents

- [Neural Networks and Deep Learning](#)
  - [Course summary](#)
  - [Introduction to deep learning](#)
    - [What is a \(Neural Network\) NN?](#)
    - [Machine learning vs Deep learning](#)
    - [Why is deep learning taking off?](#)
  - [Deep learning Basics](#)
    - [Cost function](#)
    - [Classification](#)
      - [Binary/multi](#)
    - [Regression](#)
      - [Softmax](#)
      - [Logistic/Linear](#)
      - [eg: Cross-entropy](#)
    - [active function](#)
      - [Linear vs non-Linear,Why do you need non-linear activation functions?](#)
      - [Derivatives of activation functions](#)
      - [Sigmoid](#)
      - [RELU & \\*RELU](#)
    - [Gradient Descent](#)
      - [Derivatives](#)
      - [Chain rule](#)
      - [Modular backprop & automatic differentiation](#)
    - [More examples](#)
    - [Layers](#)
      - [Neural Networks Overview](#)
      - [Shallow/Deep](#)
      - [\[Forward and Backward Propagation\]](#)
  - [Deep learning train](#)
    - [Parameters vs Hyperparameters](#)
    - [Regularizing](#)
      - [Random Initialization](#)
      - [Normalization](#)
      - [Generation](#)
    - [Efficiency](#)
      - [train/eval/test](#)
      - [ERROR meter](#)
      - [Visualization](#)

- Data
  - Data augment
  - i.i.d
  - Zero/One shooting learning
- Optimization Algorithms
  - Algorithms
  - Gradient Descent and Stochastic GradientDescent
  - Mini-Batch Stochastic GradientDescent
  - Momentum
  - RMSProp
  - Adam
- CNN
  - Convolutions for Images
  - CNN Architecture
    - Alexnet
    - VGG
    - Inception net
    - Resnet/Resnext/Desenet
  - Understanding and Visualizing CNN
  - Transfer Learning and Fine-tuning
- Deep learning frameworks
  - Tensorflow/Keras
  - Pytorch
  - PaddlePaddle/ Mxnet/CNTK/Caffe
- RNN
  - Memory
  - Attention
  - One/Sequence to one/sequence
- Application
  - Image-net classify
  - GAN/style transfer
  - Auto Drive
  - What does this have to do with the brain
- Summary & Thanks
- Extra: Ian Goodfellow(xxx) interview
